Inside, the floors are rich hardwood and there are a number of curved walls done in Country Ledgestone. To the right is a curved den which has a vision art TV and unique custom windows. The heart of this home is the gourmet kitchen, featuring solid alder cabinets, granite countertops, a double oven, and a stone arch encompassing the cooktop. The Solas Heat & Glo fireplace beside the dining room table is a standout feature. Adjacent to the dining room, a curved stone wall creates an office with custom-made curved cabinets. closets. There is a large storage room and utility room with a boiler. Modern amenities include 6 TVs with their own receivers (2 are 3D), 7 pairs of 3D glasses, 8' knotty alder doors on main floor (7' downstairs), wide trim and baseboards, transoms above exterior doors, and LED pot lights. The home was well constructed with an ICF foundation and triple pane windows.
